RIDE THE BONEYARD

Sunday April 29, 2012

key time (start) 9 a.m.

CLASSES & COURSE TO BE HELD AT
THE MERIDEN MOTORCYCLE
CLUB

Come out and learn the basics of enduro riding. We will have a class on bike prep, understanding the route sheet, Brand X time keeping, arrowing and then walk you through Tech inspection and sign you up. In the after noon session you will ride a short enduro with experienced riders and learn how the checkers score your card at each check. **NO COMPUTERS ARE REQUIRED!!** The purpose of this class is to assist you in understanding the fundamentals of an enduro to help you with your first enduro. This is not a "How to teach you to ride a motorcycle class" that we assume you already know how to do.

THIS WILL BE A CLOSED COURSE EVENT. (which means no plate on bike required) Things that you will need, a quite bike, a route sheet holder, a digital watch with seconds, an odometer is useful, scissors, scotch tape, duct tape, and a highlighter.
